Highway Department – Road Agent Wes Tarr reported on his attendance at a preconstruction conference held by the State DOT on road reconstruction in District 4 and 5. The State has been rebuilding drainage structures all along Chesham Road. Wes reports that funding problems may mean that the State will not complete the project this year, but only patch the road over the new culverts. Selectmen will write a letter to the State emphasizing the importance of completing the repaving of this most heavily travelled road. Wes and the Board discussed several culvert projects to be undertaken, on Hoten Road, Hancock Road and Yellow Wings Road. The Board considers several of these a public safety issue. Wes should also stockpile stone on site for future repairs to drainage at the Recycling Center.
